List of Tables

1

Introduction

All the reader needs to know to get introduced to the topic. What is this thesis about? Why is it interesting? Give the reader a brief idea of the structure of the thesis. One page.

2

Background

Necessary background for topic, in order to understand the problem, motivation and contribution. Approximately 10 pages.

3

Contribution

Most important chapter of the thesis. Describes what the author contributes as research. Discusses intuition, motivation, describes and reasons about necessity of proposed elements. Defines theses based on reasonable assumptions. Discusses relevant aspects of contribution. Approximately 30 to 40 pages. Can be split into multiple chapters.

4

Results

Second most important chapter. Verifies the theses defined in the previous chapter. Tries to evaluate and analyze the contribution in qualitative or quantitative terms. Ends with a discussion. Approximately 20 to 30 pages. Can be split into multiple chapters.

5

State of the Art

Related work. Present state of research and applied solutions concerning the different aspects relevant to the thesis. Discuss differences and similarities to other solutions to the given tackled problem. Approximately 10 to 15 pages.

6

Conclusion

One page. What have we learned in/through this thesis?

Expected thesis length: 90 pages (+-10%)
